

Log in

As a guest user

I want to log in to my profile

So that I can publish my academic resources and interact with the ones already available

Wireframe

Login	Home
Email	
<input type="text" value="jj@tistudent.com"/>	
	→
Password	Welcome JJ!
<input type="password" value="*****"/>	
<input type="button" value="Enter"/>	

Acceptance criteria

- A guest user can log in in to their profile with the login form by **email** and **password**
- After logging in the user is redirected to the homepage where the user will be welcomed by **username**

Create resource

As a user

I want to post an academic resource

So that others can use it to study

Wireframe: ->

Acceptance criteria

- A form to add a resource:
 - Title input (max 60 chars)
 - Description input (max 500 chars)
 - Radio input to select category
 - Dropdown menu to select subject
 - File upload
 - Thumbnail upload
- Everything except thumbnail is required
- The user has to be logged in
- After creating the resource, it is added to the resources overview

The wireframe shows a form for creating a resource. It includes a 'Title' input field, a 'Description' text area, a 'File' section with 'Browse...' and 'Upload' buttons, a 'Thumbnail' section with 'Browse...' and 'Upload' buttons, a 'Category' section with radio buttons for 'Summary' and 'Cheat sheet', a 'Subject' dropdown menu, and a red 'Submit' button at the bottom.
